UNIVERSITARIO VASCO  
NAVARRO

# 1. WHO ARE WE?

We are a Basque company specialized in web3, connected to the Basque training system for more than 25 years. We have relationships with the best digital ecosystems and web3 developers in the world. After supporting 25% of the nodes of **Alastria's** permissioned network, we promote the urgent need to accelerate a public and legal web3 infrastructure with the State. We have created **Universal Digital Trade Consortium Spain-Turkey** with **Grant Thornton**. We maintain a collaboration agreement with the Turkish company **TUÇEM**, promoter of BSN Turkey. We promote the collaboration of companies with BSN and BRI, the largest technological and commercial proposals of the XXI century.

We are also dedicated to internationalizing companies in Asia and very advanced digitization processes.

Talent is the (r)evolution 25 years connecting talent
